

Big Hands e-NABLE Fremont

- A chapter under [e-NABLE the Future](#)

By: Christopher Huang
(Senior at Irvington High School)

What is e-NABLE? <https://enablingthefuture.org/>

e-NABLE is a global network of volunteers

- Uses **3D printing & digital fabrication** to create free assistive devices
- Focused on **upper-limb differences** (hands, arms)
- Operates in **100+ countries** with thousands of volunteers
- Devices are provided **at no cost** to recipients

The Mission of e-NABLE

- Increase **access to assistive devices**
- Empower individuals with limb differences
- Connect **makers, engineers, students, clinicians, and families**
- Promote **open-source design**, education, and community service

e-NABLE Timeline

First
Helping Hand

2011

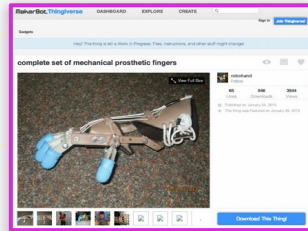

First prototype designed by Ivan Owen and Richard Van As

e-NABLE Community
is Born

2013

Designs released open-source; e-NABLE community founded

Rapid Global
Growth

2014-15

Explosive growth, schools and libraries join in

Chapters Around the
World

2016+

Emergence of chapters globally, custom designs created for unique cases

A Global Network of
Hope

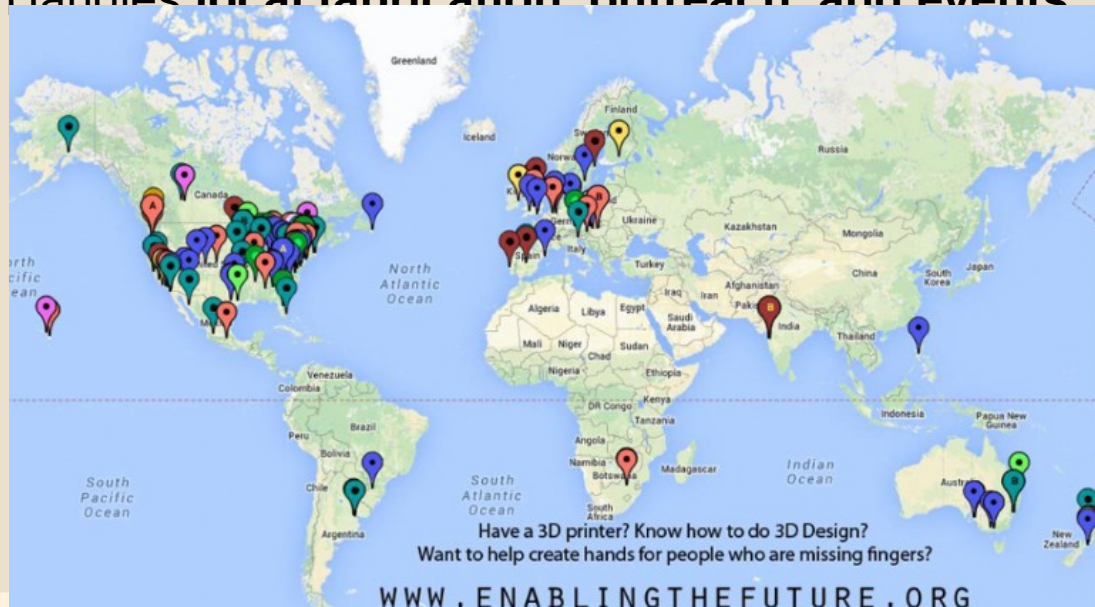

Today

Strong global presence, innovative designs, cross-continental collaborations

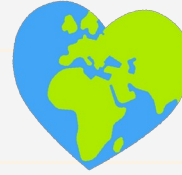

What is an e-NABLE Chapter? <https://enablingthefuture.org/e-nable-community-chapters/>

- A **local volunteer group** operating under e-NABLE guidelines
- Works with: Makerspaces; Schools; Non-profits; Community organizations
- Handles **local fabrication, outreach, and events**

Map of Volunteers

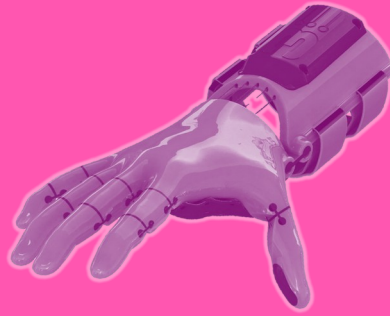

e-NABLE by the Numbers

- Over **100,000** volunteers globally
- **200 +** official chapters in over 100 countries
- Explore the **Map**

e-NABLE Devices

Which Design?

- Wrist-Powered Devices
- Elbow-Powered Devices

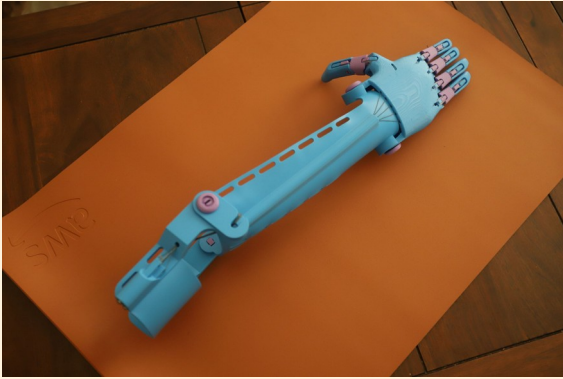

Wrist-Powered Devices

Elbow-Powered Devices

Big Hands e-NABLE Fremont (Our Chapter)

Location: Fremont / Bay Area

Target audience:

- Children and adults with upper-limb differences (local and global)
- Local schools & youth volunteers

Focus on:

- Education
- Service
- Engineering-for-good

Volunteer Roles

3 existing groups:

- **Technical**
- **Finance**
- **Social Media (Instagram & Gmail)**

Future:

- **Outreach**
- **Logistics**

Chapter Growth

Phase 1 (Launch) - Jan., 2026

- Finalize e-NABLE chapter approval
- Build core volunteer team
- Coordinate with Sparkhub leadership

Phase 2 (Outreach) - Feb., 2026

- Contact:
 - Schools
 - Hospitals & clinics
 - Therapists
- Spread awareness via:
 - Events
 - Workshops
 - Social media (Instagram page ready)

Phase 3 (Real Cases) - present

- Identify real e-NABLE recipients
 - Approach local recipients
 - Collaborate with UEC group (United e-NABLE Coalition) to make devices with their guidance for recipients in Uganda
- Perform:
 - Measurements
 - Device selection
 - Custom fitting
- Deliver devices & collect feedback
